The space.

The Attic is equipped with sprung dance-floors as well as 2x wing spaces.

Measurements.

- Stage width – **25ft**
- Stage depth – **14.3 ft**
- Stage-left wing – **16"**

The Attic also features a backstage dressing room. Due to sizing restrictions, this is a multi-sex dressing room. The dressing room features mirrors, rails, chairs and tables.

There are also 2x backstage toilets, these are also multi-sex.

Accessibility.

Currently The Attic is not wheelchair friendly. To enter the auditorium there are around 25 stairs. Due to this reason we recommend only those who can climb stairs enter/hire The Attic.

This is a situation we are looking to improve but due to structural issues The Attic will remain this way for the foreseeable future.

Delivery/pick-up.

For set/prop delivery, we recommend using our fire door towards the back of the auditorium. Due to the location of the theatre, you will also need to climb stairs to access this point.
